

# ***CALM NERVE PAIN FAST***

**Without Drugs or Downtime**

STIMPOD® NEUROMODULATION IS A  
GENTLE, NON-INVASIVE THERAPY  
USED TO RESET IRRITATED NERVES.

MANY PATIENTS REPORT  
MEANINGFUL RELIEF DURING THEIR  
FIRST SESSION OR WITHIN 24-48  
HOURS, SO YOU CAN GET BACK TO  
LIFE SOONER.

**5520 S. Cooper St. #111  
Arlington 76017**

# How You Get **RELIEF → FAST**

Stimpod delivers specific, electrical impulses through the skin to gently stimulate nerves. This helps normalize the way irritated nerves send pain signals to the brain — like rebooting a glitchy circuit. The result is often a rapid calming of pain, tingling, burning, or pins-and-needles sensations.

- Targets the source (nerve irritation), not just the symptoms
- Promotes improved nerve communication and muscle activation
- Comfortable, non-invasive, Pairs well with chiropractic care and rehab

# **WHY YOU NEED ELECTRONIC NERVE BLOCK**

**If you have any symptoms listed below,  
Stimpod may help.**

## **Nerve-Related Pain**

- **Sciatica or radiating leg pain**
- **Neck pain traveling into the arm**
- **Low back pain with sharp zings**
- **Foot burning/tingling (neuropathy-like)**
- **Carpal tunnel–type numbness**

## **Head, Face & Neck**

- **Occipital headaches or scalp tenderness**
- **Jaw/face pain with nerve sensitivity**
- **Post-whiplash neck stiffness with tingling**
- **Shoulder blade pain with arm symptoms**

## **Movement & Performance**

- **Muscle weakness after nerve irritation**
- **“Dead leg/arm” sensations**
- **Tight, guarded muscles that won’t release**
- **Limited reach, bend, or grip due to nerve pain**
